

National Service in Washington

MEETING COMMUNITY NEEDS IN WASHINGTON

More than 9,800 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Washington. Serving at more than 1,500 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$34,110,000 to support Washington communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$5,770,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 2,400 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Washington. Most AmeriCorps grant funding goes to the Washington Commission for National and Community Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 34,000 Washington residents have served more than 50 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$115,000,000.

Senior Corps: More than 7,300 seniors in Washington contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 9,400 young people who have special needs. Senior Companions help more than 720 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 580 groups across Washington.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Washington, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$640,000 in expanding the impact of 5 nonprofits in Washington.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Washington. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Washington is served by the AmeriCorps NCCC campus located in McClellan, California.
In the past year, AmeriCorps NCCC teams have served on projects in Tacoma, North Bend, Gig Harbor, Eatonville, Carnation, Lynnwood, Gold Bar, Seattle, Hoquiam, Bothell, Vashon.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 34,000 Washington residents have served more than 50 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$115,000,000.

AmeriCorps

In 2012-13, 563 AmeriCorps members served through the Washington Service Corps. This statewide intermediary program enables placement of members in rural underserved areas of the state with limited resources. Services to communities cover all six focus areas, and the measured impact is great. More than 50,000 individuals were trained by AmeriCorps members on personal disaster preparedness and 32,460 reported increase in knowledge and confidence in responding to a disaster. A total of 7,181 students completed K-12 academic support program run by AmeriCorps members and 92 percent of those students improved at least one benchmark. More than 31,000 individuals were trained on energy efficiency and environmentally conscious practices. A total of 794 local veterans participated in volunteer projects and days of service and more than half plan to return for additional volunteer opportunities.

AmeriCorps NCCC

The Yakama Nation Tribal Council is a representative of the Confederated Tribes and Bands of the Yakama Nation, a Native American group whose reservation was created in 1855 from a treaty with the United States Government. The reservation, at 1.4 million acres, is the largest in the Northwest and lies in the midst of extreme poverty. The average income for the White Swan community is \$15,000 per year. On February 12, 2011, a fire devastated the reservation, and 19 reservation homes were destroyed and 46 suffered from the extreme winds that occurred during these fires. Seventy-six children were displaced by the disaster. AmeriCorps NCCC team members repaired the roofs of four homes and began interior work on an apartment, installing 4,300 square feet of shingles and 922 square feet of insulation, and hanging 32 sheets of drywall.

AmeriCorps VISTA

In order to address Yakima County's growing gang-involved youth situation, the county's Human Services Department developed a 15-member AmeriCorps VISTA program. With a poverty rate of 34 percent and high unemployment, there are an estimated 60 gangs with a membership close to 2,500. Five AmeriCorps VISTA members served a total of 800 at-risk children and youth, working with Sunnysides Promise, Safe Yakima Valley's 100 Jobs for 100 Kids, Rod's House, Central Lutheran Church, and Yakima Juvenile Court Gang Free Initiative. In addition, 200 youth obtained summer jobs as a result of the work of AmeriCorps VISTA members.

Senior Corps

For the last three years, Steve Vradenburg, a Senior Companion volunteer with Volunteers of America Western Washington has been paired with his client, Art, in Seattle. Art is an 89-year-old World War II veteran who lost his sight and a limb during the Battle of Normandy in 1944, yet still lives independently with the help of his companion. Steve was a combat medic during the Vietnam War and received two Purple Hearts for his service. He helps Art continue to remain independent by grocery shopping, gardening, and participating in other activities together. The pair continues to learn from each other and cherish the time they spend together.

Social Innovation Fund

Washington Youth Soccer has been awarded an initial annual grant of \$100,000 by Social Innovation Fund (SIF) intermediary the U.S. Soccer Foundation, which they will match dollar-for-dollar. With this support they are operating Soccer for Success, the U.S. Soccer Foundation's innovative after-school youth development program that uses soccer as a tool to combat childhood obesity and promote healthy lifestyles for children in low-income urban communities. Through this Soccer for Success program, over 800 youth will be provided with physical activity, nutrition education, mentorship, and family engagement opportunities. Washington Youth Soccer is very experienced in offering high quality soccer instruction and this opportunity will allow them to utilize the Soccer for Success curriculum to expand and enhance their current soccer programming, by serving children in low income communities.

Volunteer Generation Fund

In 2012-13, Volunteer Generation Fund grants funded a range of projects that place Volunteer Centers of Washington (VCW) in the role of key mobilizers, collaborators, and professionals in the field of volunteer management. Many aspects of the projects capitalize on the increased capacity of volunteer centers, with strategies ranging from engaging volunteer leaders, opportunities for veterans and active duty military volunteers, trainings for local agencies to better manage volunteers and mobilizing skilled volunteers to meet the most pressing needs of our communities. Statewide, the Volunteer Generation Fund helped leverage 10,141 volunteers serving more than 250,000 hours.
